Re-imagining creativity is the biggest challenge !

On a positive note, Kamdhenu University (KU) has been successful in accelerating its growth in all fronts of education, research and extension activities. However, knotty problems of KU require bold solutions. Tinkering at the edges of the system to improve the viability of KU will not give far reaching results. At this juncture, I am sure that all the concerned stakeholders will put forth the best to keep KU afloat and KU flag flutter high.

This quarter under report witnessed some glittering events to sustain the acceleration achieved so far.

The Dairy Farmers Training Programme of KU stretched from Petlad in Central Gujarat to Gir Forests in Saurashtra, a jurisdictional advantage of KU.

The successful completion of 'Sarjan 2017' and 'Samvad 2017' speaks volumes about concerted efforts of Director of Student Welfare and KU team.

I am happy to inform that, GSBTM has granted Bioinformatics Lab to College of Dairy Science, Amreli and now, KU is a proud member of National Academy of Veterinary Sciences (NAVS), New Delhi.

I am enthusiastic and hopeful about success of KU under the patronage of our highly pragmatic Hon'ble Minister of Agriculture, Shri. R. C. Faldu, who has indepth knowledge of field conditions of Gujarat.

Dr. P. H. Vataliya

One Day Technical Seminar on "Role of Veterinarians in Conservation of Wild Animals: Ethics, Tactics & Techniques"

The Postgraduate Institute of Veterinary Education & Research (PGIVER), Kamdhenu University, Gandhinagar organized a One Day Technical Seminar on "Role of Veterinarians in Conservation of Wild Animals: Ethics, Tactics & Techniques" on 7th December, 2017. The programme was inaugurated by Dr. P. H. Vataliya, Hon. Vice Chancellor, KU while Shri G. K. Sinha, Principal Chief Conservator of Forests & Chief Wildlife Warden of Gujarat was the Chief Guest.

The seminar was a congregation of wildlife veterinarians, general veterinary practitioners, post-graduate students of veterinary science and fisheries science, wildlife rescuers and enthusiasts counting around 100 participants. Shri G. K. Sinha addressed with his broad perspective on importance of education pertaining to the wildlife. Further, he highlighted the significance of ethical considerations to be taken while dealing with wild animals. Dr. P. H. Vataliya discussed about research thrust areas and future prospects in wildlife veterinary practice which encouraged the distinguished participants.

Invited experts Mr. Jigar Upadhyay (Member, IUCN-SSC-CSG, India), Mr. Dhaval Varagiya (Founder, MWCC), Mr. Vivek Shrivastava (I/C Dean, Fisheries) and Dr. C. M. Bhadesiya delivered expert talks on various aspects of wildlife including handling and ethical aspects associated with reptiles, wetland birds, marine animals, big cats, post-mortem examinations in wild animals etc.

Gir Maldhari Training Programme at Sasan Gir

Gir West Division (Junagadh) Dept. of forests, GOG, in collaboration with Directorate of Extension Education, Kamdhenu University organized "Scientific Animal Husbandry Training Programme for Gir Maldharis" on 4th and 5th October, 2017 at Sasan, Ta. Talala, Dist. Junagadh. The programme was inaugurated by Dr. A. P. Singh, Chief Conservator of Forest, Wildlife Circle, Junagadh in the august presence of Dr. D. B. Patil, Director of Research, Kamdhenu University, Dr. Ram Ratan Nala, D.C.F, Wildlife Division, Sasan Gir and Dr. Pradip Singh, D.C.F., Gir West. In the inaugural speech Dr. A. P. Singh appreciate maldharis for their efforts and help in conservation of Gir forest and Asiatic lions. He also stressed objectives of organizing such training programme and how maldharis will benefited by this training. Dr. D.B. Patil informed

maldhari dairy farmers about activities and courses offered by Kamdhenu University. He advised and inspired maldhari farmers to adopt organic animal husbandry practices.

There were six technical lectures on Animal Nutrition, Reproduction & Artificial Insemination, Animal Management, Clean Milk Production, Calf Management and Diseases of Animals followed by interactive session with panel of experts' viz. Dr. T. P. Patel, Dr. S. J. Vekariya, Dr. M. B. Rajput, Dr. G.R. Chaudhary, Dr. C. M. Bhadesiya and Dr. R. M. Patel.

On 5th October, 2017, scientists from Kamdhenu University had arranged frontline demonstration for maldhari dairy farmers. Scientists demonstrated about use

of potassium permanganate powder, deworming tablets and liquid, various control measures of ecto parasites, use of various traditional medicines and mineral mixture to

animals. The Programme was planned and blessed by Dr. P.H. Vataliya, DEE & Hon. Vice Chancellor of Kamdhenu University.
