### About the Department

Veterinary medicine is the branch of medicine that deals with the prevention; control, diagnosis and treatment of various diseases and disorders of seek animals. The department has state of art diagnostic facility i.e. Ultrasonography, Eletrocardiography and Vital Parameter monitoring system. The department is pioneer in Gujarat State to initiate intermittent haemodialysis unit and echocardiology unit for dogs. The faculties of department delivering the clinical services at Veterinary Clinical Complex, Veterinary College, Navsari on rotational basis. Every year more than 3000 cases treated by the faculties of department. The department has completed two AGRESCO project. The department also imparted ASCAD sponsored one week training programme to Veterinarians and Livestock Inspectors of Gujarat State.
